By the middle of December, the 2021 medium group chart calendars will be sent to each firehouse for distribution to each member. The always-popular Large Burn Center Calendar is available for purchase from the members and firehouse locations listed below. We are requesting a **\$10.00** donation from each member at the time of purchase.

The Foundation depends a great deal upon the generosity of our brother and sister firefighters. Your continued support allows us to continue to assist and support the dedicated professionals who provide the quality burn care that is available to us and further allows us to assist burn survivors of all ages throughout their recovery process. Our calendar is our main fundraiser and this year it is extremely critical to our mission due to the current on going worldwide pandemic affecting us all.

*Should you not receive your delivery, call the NYFF Burn Center Foundation at:

Tel. (718) 379-1900

Thank you for your continued support!
